MINUTES

1. Matters arising

Matters arising from last meeting:

- KS4 have are now on the hydrotherapy pool timetable.
- KS4 and FE now have a box of equipment for their yard but staff need to organise students to take it out onto the yard!
- Mr Jukes is will have a Headteachers award, 1 for each department at the end of the year.
- Nothing can be done about the heavy doors because all the doors in our new school have to be special to protect us in case of a fire.
- The 'Youtube' we have in school is called 'Schooltube' and is set especially for school use so cannot be extended.
- The go-karts are due to be fixed soon.
- Not having residential is down to money. It may be that staff will apply for grants of money in the future that will enable them to take students away on holiday.

2. Spending our battery recycling winnings!

We talked about what we wanted to spend our £400 winnings on form the TTS site. As the council wanted more benches for our outside areas, we looked at getting them with this money. Unfortunately, as it is a mainly primary site, the benches were too small.

After some discussion, the following have been ordered:

- 2 trolleys with storage boxes for outdoor equipment for each yard (will be stored in the Behaviour support room)
- A sensory parachute for our experiential group
- Metal school council badges
